18SP734–GHG14 DD15AT Turbocharger Special Notice

SPECIAL NOTICE:

We are experiencing a shortage of DetroitTM turbocharger part number EA4720901480. This turbocharger is only used on DetroitTM DD15® GHG14 engine model 472906. To increase uptime until new or fully remanufactured turbochargers are available, we are making used turbochargers available that have passed limited physical and functional testing. These used turbochargers will be noted as part number RA4720901480C, and will be available free of charge. When used for any warrantable repair, a \$329 handling fee can be added to the warranty claim, and it will carry any applicable remaining warranty. For over-the-counter sales (i.e. customer pay), the used turbochargers will carry the usual 12 month parts warranty. New and/or fully remanufactured turbochargers are scheduled to become available in July, 2018. Records should be kept by repair shops and customers until further notice is given.
